## 6. Road Safety

Title Of Paper	Author	Country
(6-01) Proposal of Pavement Markings for Speed Reduction on Road Curves	Jonghak Lee	Korea
(6-02) Proposal of Technologies for User-Oriented Road Design	Jonghak Lee	Korea
(6-03) Low Cost Countermeasure at Accident Blackspots : Malaysian Experience	AZWAN Ezzany Azmi	Malaysia
(6-04) Traffic Accident Location And Analysis System: From Text To Coordinates And Applications	Wei-Shin Huang	Taiwan
(6-05) Development and application of automatic accident recording sysem(In-car Accident Recorder) in Korea	Jae-Hoon Sul	Korea
(6-06) Engineering road safety for an ageing people	Seng-Tim HO	Singapore
(6-07) A study on senior driver's problem in regional city	Yoshitaka MOTODA	Japan
(6-08) Influence of vehicle related heats on 'black ice'	Akihiro FUJIMOTO	Japan
(6-09) Current Status of Road Safety Management in Japan and Approach for Improvement	Keita NAKASU	Japan
(6-10) Proposal of development and promotion for scenic roads in Korea	Kwan-Sub Noh	Korea
(6-11) Revision of the standard for road lighting in Japan	Osamu MINOSHIMA	Japan
(6-12) Analysis of traffic accident reduction effect by implementing road safety measures	Hiroki HASHIMOTO	Japan
(6-13) Saving lives through investment in safer roads: The Irap Partnership SAVING LIVES THROUGH_Rob McInerney_Australia(108)	Rob McInerney	Australia
(6-14) The iRAP programme: The safety effects of central hatching	Alvin Poi Wai Hoong	Malaysia
(6-15) The Road Design Considering Traffic Safety at Continual Tunnel Section	Seong-Hyun HONG	Korea
(6-16) Engineering a safe road system, strategic framework application	Brendan Marsh	Australia
(6-17) A summary on the design deflection distances of longitudinal barriers	Seongkwan Mark Lee	Korea
(6-18) A Tire Friction Characteristic and Braking Performance in High-Speed Driving	Yum-Rak Oh	Korea
(6-19) Implementation of iRAP:In-country team-collaboration and capacity building	Jamilah Mohd Marjan	Malaysia
(6-20) Application of Methodology of Road Safety Audit & Road Safety Inspection	M. R. Ahadi	Iran
(6-21) Safety of motor bicycle riders on Sri Lankan Roads	AGHJ Edirisinghe	Sri Lanka
(6-22) The IRAP road safety toolkit- A website-based approach to addressing road safety problems	Blair TURNER	Australia
(6-23) Accident Hazards on National Highways in Bangladesh	Md. Mazharul Hoque	Bangladesh
(6-24) Evaluation of Traffic Safety Facilities for Reducing Traffic Accidents on the Gyeongbu Expressway	Yun-mi Lee	Korea

# 13<sup>th</sup> REAAA Conference, 2009

(6-25) Evaluation of Geometric Elements and Speeds using Probability Theory	Heungun Oh	Korea
(6-26) In situ Roughness Monitoring Method Using Fiber Optic Vibration Sensors	Ki-Soo Kim	Korea
(6-27) The relationship between weather conditions and travel characteristics in Korean freeways	Seungkirl Baek	Korea
(6-28) Evaluation of expressway safety countermeasures of Korea	Jaebeom Park	Korea
(6-29) Road safety programs in the Philippines	Apolonio V. Dominguez, II	Philippines
(6-30) Road safety engineering challenges in Bangladesh	Md. Mazharul Hoque	Bangladesh

September 23-26, 2009 Songdo ConvensiA, Incheon, Korea
